Quantitative Methods (Related Area Requirement)

PSYC 5104 and PSYC 5105 are required to be taken by all graduate students. (Students completing a master's as part of the PhD program will take PSYC 5104 as part of the Master's program.) A grade of at least B- must be earned in both courses to meet Department requirements for the PhD. The six required credits of Quantitative Methods should be listed below and do not count towards the breadth requirement or minimum number of required PhD credits and should not be listed in the PhD Plan of Study "Coursework" section. If you were approved for a course waiver, please write "waived" in the course grade column.

Course Type	Course #	Course Title	Credits	Grade	Year	Semester
Quant. Methods	PSYC 5104	Analysis of Experiments	3			
Quant. Methods	PSYC 5105	Quantitative Methods	3			

Breadth of Studies

In order to expand the student's knowledge beyond their specific area of study, a minimum of nine credits (typically three courses) of graduate work outside the student's program is required.
