Also, please describe or provide a link to program admissions policies that allow students to enter with credit for prior graduate work, and the expected implications for time to completion. Please indicate NA if not applicable:

If students have completed prior graduate work that covers discipline-specific knowledge, they may not be required to repeat those courses in this program. Relevant coursework will be evaluated by the DCT after a student is admitted to the program and upon request of the student. Coursework waived based on prior graduate work will have no impact on time to completion.
